Emergency Child Restraint

PRODUCT OVERVIEW

The revolutionary Emergency Child Restraint is designed to safely secure children during EMS transport in any emergency vehicle.

Since it is not acceptable for a child to be transported unrestrained on a cot, whether it is a new-born or a teenager, the Emergency Child Restraint provides the perfect solution in all situations.

The Emergency Child Restraint has a unique soft touch system, which allows full clinical access to the torso, without the need to remove the restraint during patient transport.

The 3 color coded Emergency Child Restraint harnesses cover a weight range of between

SMALL

4-18lb
(2-8kg)

MEDIUM

13-46lb
(6-21kg)

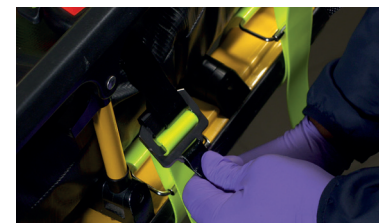

LARGE

42-110lb
(19-50kg)

4 and 110 lbs, offering the maximum protection available for children of any size and weight, while also exceeding the current NASEMSO guidelines.

KEY BENEFITS

- Fits all size and shape children (4lbs to 110lbs)
- Bio-safe straps
- Clinical access
- Adjustable to fit all cots
- Crash tested
- Quick reference colour system
- Reduces vibration
- No stitching or velcro
- Head block included

5 in 1 EMS Cot Mattress

The complete solution for trauma patient transportation

The 5 in 1 EMS Cot Mattress is the perfect solution for multifaceted rescue needs that has 5 features in 1:

1. **Stretcher Mattress**
2. **Drag Mattress**
3. **Carry Mattress**
4. **Vacuum Mattress**
5. **Breakaway Mattress**

The 5 in 1 EMS Cot Mattress incorporates an innovative vacuum system which can be separated, allowing for the secure and comfortable transfer of the patient into the "bed" of the emergency room.

KEY BENEFITS

- Available to fit any size stretcher.
- Adjustable foot cover (patented).
- Made of high quality & fire resistant materials.
- Blood, urine, acid and alkali resistant.
- OHS & ergonomic accountable.
- No more unnecessary transfers needed.
- Ready to use within seconds.
- Cost and space saving in the ambulance.
- CE & TÜV certified.

DIMENSIONS

Size: (L x W x D): 71 x 18.5 x 3.2 inches

Weight: ca. 24.3lbs

Weight Capacity: 350lbs

Breakaway sections

Re-inforced bottom

Vacuum connection

Adjustable foot cover

Escape Mobility® PRO-EMS ^S Standard

PRODUCT OVERVIEW

The Escape Mobility® PRO-EMS-S is the market's lightest EMS Chair with the highest weight capacity. The PRO-EMS-S simplifies patient transportation with its single person operation and Escape-Track belts which give EMS professionals ultimate control for descending transportation.

KEY FEATURES

- Super lightweight
- Anti-slip height adjustable handle
- Additional operator handles
- Quick release 4-point harness
- Easy clean ABS seating
- Industrial locking rear wheels
- Passenger footrest

Dimensions	Height	Width	Depth	Weight	Weight Capacity
Folded	37.5"	20.5"	8"	31.4lbs	560lbs

Escape Mobility® PRO-EMS ^P Battery operated

PRODUCT OVERVIEW

This battery-powered, 4-speed electric EMS Professional stair chair has a weight capacity of 560lbs. Perfect for use in emergency situations, or daily patient transport to safely move a passenger up or down multiple flights of stairs at the touch of a button.

KEY FEATURES

- Super lightweight power chair
- 4-speed control panel
- Escape-Track release system
- Non sparking electrical components
- Orthopaedic head support
- 4 point harness
- Manual stair chair mode available

Dimensions	Height	Width	Depth	Weight	Weight Capacity
Folded	37.5"	20.5"	8"	56.4lbs	560lbs

Escape Mobility® PRO-EMS ^H Hybrid

PRODUCT OVERVIEW

Combines the benefits of a carry chair and also allows for an attachable powered Escape-Track system which enables patient transportation up and down stairs. The attachable track system minimises the weight of the chair so it can easily be carried by operators.

KEY FEATURES

- Super lightweight hybrid power
- Can be used as a carry chair or power chair
- 4-speed control panel
- Simple to attach Escape-Track power system
- Height adjustable rear handle
- Footrest
- Easy to store in EMS vehicles

Dimensions	Height	Width	Depth	Weight	Weight Capacity
Folded	37.5"	20.5"	8"	56.4lbs	560lbs

The Escape Mobility® PRO-EMS range - giving more power to first responders

Our PRO-EMS range of stair chairs, the Standard, Powered and Hybrid models, offer the perfect solution for every first responder.
